

ARDEN DIES

Arden Dies Limited Environmental Policy Statement

Arden Dies is an environmentally responsible organisation and as such we acknowledge the potential impact that our die-making and CNC engraving operations may have on the environment.

This policy has been endorsed by senior management who fully support its implementation. Senior management, in co-ordination with the System and Standards Manager, are responsible for ensuring that it is communicated, understood, implemented, and maintained at all levels within the organisation.

We are committed to ensuring that the human and natural environment with which we interact as a company is protected both today and into the future as we continue to use resources in managing our business. We will achieve this through the efficient use of these resources, preventing pollution, minimising waste, and the promotion of recycling.

At Arden Dies we recognise our responsibility to safeguard the environment and are committed to:

- The operation and continual improvement of an environment and energy management system throughout our operations to enhance our environmental and energy performance.
- Protecting the environment, including preventing pollution and minimising the significant environmental impacts arising from our operations
- Ensuring the efficient and sustainable procurement and use of all-natural resources, including energy, water, and consumables, consumed during our operations
- Considering environmental and energy performance in the design of new, modified, and renovated facilities, systems, and processes
- Setting and reviewing environmental and energy objectives and targets and ensuring that the information and resources needed to achieve these are available

- The fulfilment of our compliance obligations including relevant environmental and energy legislation, contractual obligations, and industry codes of practice
- Minimise waste to landfill by reducing waste generation and by segregating and recycling waste where economically and operationally feasible
- Provide all employees with the necessary resources, equipment, information, instruction, and training to fulfil the requirements of this policy, commensurate with their role
- Maintain our environmental management system (EMS) in accordance with the requirements of BS EN ISO 14001: 2004, as defined within the scope of our EMS
- Work with local businesses, neighbours, partners, and suppliers to encourage commitment and improvement in our local environment

This policy will be communicated to all employees and organisations working for or on our behalf. Employees and other organisations are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own work, so far as is reasonably practicable, is carried out without risk to themselves, others, or the environment.

This policy will be reviewed bi-annually by senior management and, where deemed necessary, will be amended, and re-issued.

This policy statement is displayed on site. It is publicly available via our website.

Signed:

M Poynter Managing Director
